

**TRIBUTE BY THE CENTRAL REGIONAL SECRETARIAT OF THE
NATIONAL DEMOCRATIC CONGRESS (NDC).**

**TO BE READ BY THE REGIONAL SECRETARY GABRIEL NII
KOMMEY ADAMS.**

The simplest definition of life is that today we are here and tomorrow we are there, where no one can tell but the simplest meaning of life is how impactful you lived your life whiles you are here. Today I stand here on behalf of the Central Regional Party Secretariat and on behalf of all Constituency Secretaries in the region to eulogize a friend, a brother, a colleague, and a comrade, TUARIQ Amadu for his service to the NDC, Central Region, KASOA and humanity.

Our brother served at the branch as an executive member and rose through the ranks of the party to become the Constituency Secretary of one of the most difficult Constituency in Central Region. He was a member of the Election Directorate, later

become the Constituency Communication Officer and was finally elected Constituency Secretary of Awutu Senya East Constituency for two consecutive terms.

Tuariq as he was popularly called was always adorable to every party member in the ASEC Constituency, the Region, National, as well as the general constituents of ASEC sometimes to the envy of some party members. He was simply a good man with unique qualities. He lived simply and could relate very well with people from all walks of life.

His contribution to the NDC in ASEC, Central Region, and the NDC party in general cannot be overemphasized. He served the party well.

On this solemn occasion, we remember him and pray that the Almighty God grant him a good resting place. Indeed, ASEC has

lost an established name and institution and the entire NDC has lost a great comrade who knows where and how to bring the numbers and make things happen.

Today you can see and count all manner of persons from the party NDC, other political parties, the good people of KASOA, Central Region and all over Ghana mourning with the family of our brother Tuariq Amadu.

To us, this is a true testimony to established that his invaluable service to the party is greatly recognize by the NDC. Additionally, we would also like to state that, our brother is bold, fearless, decisive and above all a loyal servant of the NDC.

As a party, we have not forgotten the brutality meted out to our brother by evil, dirty and bloody thugs and operatives of NPP member of Parliament for the Awutu Senya East Constituency

(ASEC) MP, Mavis Hawa Koomson, in the run up to the 2020 General Election in KASOA that greatly affected his health till he lost his life. The NDC has survived in this Constituency because we had a certain Tuariq Amadu whom today we stand here mourn.

His contribution isn't limited to only serving ASEC but Region and national as well. Until his demise he was a member of the Regional and National Communication teams fighting for the NDC ahead of election 2024.

We would continue to mourn our brother and Comrade and whiles at it, we believe that Winning Election 2024 and ASEC parliamentary seat would be a good legacy in memory of our brother. His revolutionary spirit should motivate us as a party to continue from where he left and make him proud.

We pray for the family as we ask the Almighty God to strengthen them and grant them all the support the need to sustain the family as our brother would have continue to do if he was still alive today. We pray to God to unite the party in ASEC, Central Region and throughout the country as we regroup to say our final goodbye tour brother and may we be revived by your spirit to start the good fight as part of the process to win the ASEC Seat with Unity and Love. Long live ASEC NDC! Long live KASOA! Long live Central Region NDC.

The party NDC will continue to be in touch with the family of our brother and your children shall always be accorded the support and mentorship they need by the party.

Until we meet again continue to rest in peace. You will forever be in our hearts. Ameen.
