### ASSASSINATION PLOT AGAINST PRINCE MOSES ZAKARIA, AN ASPIRING INDEPENDENT PARLIAMENTARY CANDIDATE IN MADINA

I have become aware through highly placed intelligence sources about an elaborate ploy to smother life out of me.

I have also learnt through the same sources those involved in the plot are a notable group in Madina.

As a staunch Muslim, ordinarily, I am not fazed by such ploys but human as we are I have taken the necessary steps to lodge a formal complaint with the Madina Divisional Command of the Ghana Police Service as well as served notice to the clergy and traditional leadership in the Madina Municipality/Constituency and I have been assured by the Police that investigations are ongoing.

Be that as it is, it is only appropriate that I let my teaming supporters in on the number of attacks my team and I have suffered since I announced my intention to contest the Madina Constituency Parliamentary seat.

On 26th February, 2022, the Madina Constituency Chairman of the National Democratic Congress (NDC), Alhaji Faila Hussein, physically attacked my team and I, hurting my then campaign coordinator (now deputy campaign manager), Nissy Akua Apeke at the precinct of the Nkwantanang cluster of schools, and followed up by sending armed men to attack my younger brother, Mustapha Muhammed Zakaria. I lodged a complaint to that effect the same day with the Madina Police Station.
